TYPE OF INSURANCE AND COVER:

This is an annual storage policy designed to provide cover for your competition bike(s), engine(s), spares, trailer and ancillary equipment should they be damaged or destroyed as a result of accidental damage fire and theft. The policy is operative whilst the insured items are at the addresses specified by you and / or while the insured items are in transit and while also attending a race meeting (if this option was selected at the time of purchase).

BASIS OF COVER:

This insurance is being provided on the basis you have confirmed when purchasing this insurance that the following statements are correct:

(1) In respect of the storage address you have confirmed:

- it is built of brick, stone or concrete
- it has a roof built of slate, tile, asphalt or concrete
- is in a good state of repair and will be maintained in this state
- is not a listed building
- it has never been damaged by flood
- it has never been damaged by subsidence, heave or landslip

(2) In respect of previous claims / policies you have not:

- made a claim, suffered any loss or damage in respect of previous competition cars/bikes within the last 3 years
- had any break-in or attempted break-ins at the address being proposed within the last 3 years
- had insurance cancelled, refused or renewal refused in respect of the items to be insured
- been asked to pay an increased premium (other than normal rate increases) or asked to accept any special conditions or had any special terms imposed
- been convicted of any offence involving dishonesty, fraud, violence, criminal damage, arson, drugs nor is any prosecution or police enquiry pending
- received a police caution in connection with an insurance policy / claim

DEMANDS AND NEEDS:

- In choosing this product and the level of cover, you have not received any personal recommendation from MORIS.
- The information on your Confirmation of Cover details the insurance you have selected.
- The choices you will have made depend on your personal circumstances.

Our Security and Privacy Policy:

We recognise our responsibility to treat the information we obtain about you with care and we are committed to protecting and respecting your privacy. The details of our Security and Privacy Policy include the following:

- The two types of category of information we collect about you.
- How we track your use of our website
- Fraud Prevention and Detection
- Information on Products and Services

Material Damage

Upon receipt of your premium, you will be indemnified up to the sums insured for the Insured Items stated in your Confirmation of Cover during the period of insurance against accidental damage, fire and theft. This includes loss or damage caused by fire, earthquake, explosion, aircraft or other aerial devices (or articles dropped therefrom), riot or civil commotion, malicious damage, impact, storm, tempest, flood, bursting or overflowing or leakage of water pipes or apparatus, theft (subject to the terms and conditions as stated herein) whilst at the premises described in your Confirmation of Cover and whilst in transit anywhere in the UK / Europe. The Application submitted online and the Confirmation of Insurance you provided are considered part of this contract of insurance.

OUR FEES:

Claims Administration Fee:

In the event of a claim we charge a fee of £125 per claim. This covers the cost of our disbursements to insurers and loss adjusters. This is only charged upon successful conclusion of your claim and is normally deducted from the claim settlement amount. There is no insurance premium tax to be added to these fees and you are not liable for fees pertaining to loss adjusting services.

2. Changes to your policy:

Notwithstanding any adjustments to your premium (additional premium or return of premium) in the event you need to amend your policy details during the course of the policy period we charge £5.95 for each amendment to cover our administrative costs.

CONDITIONS

The Duty of Disclosure:

This policy is issued subject to the Consumer Insurance (Disclosure and Representations) Act 2012. This means that you must disclose to the insurer anything which would affect their decision to issue a policy. Should you knowingly mislead or fail to disclose any information which would be relevant to the insurer and you know or believe that the insurer would consider it relevant, this may be treated as a deliberate or reckless misrepresentation and the insurer may refuse any claim and need not refund any premiums which you have paid. If you do not disclose anything that the insurer would consider relevant by mistake or misunderstanding, this may be considered a careless misrepresentation and the insurer may refuse to accept any claim or reduce the amount paid in a claim. If you become aware of the need to inform us of any information which may be relevant, you must contact us in order that we can review your insurance and decide if it can continue or would additional terms or premiums need to be applied

Theft:

Theft cover is provided on the basis this follows a forcible and/or violent act. (See also "WARRANTIES" with regards to security protections you must follow at all times).

Cancellation Clause:

You may request this Insurance to be cancelled in writing to London Special Risks. The premium shall be adjusted on the basis of a short term premium as detailed below. This insurance may also be cancelled by or on behalf of the insurer by thirty days notice given in writing and sent by registered or recorded delivery to you at your last known address. The premium shall be adjusted on the basis of the insurer receiving or retaining pro-rata premium for the expired period. Notice shall be deemed duly received in the course of post if sent by pre-paid letter, registered or recorded delivery post.

Cancellation Scale:

Up to three months' cover, 50% annual premium, up to six months cover 80% annual premium over 6 months no return premium. Should a claim have been paid under the policy, there will be no return of premium.

Basis of Valuations:

The sum insured of the property shown by such items as stated in the Confirmation of Cover shall be accepted as the actual indemnity value thereof, subject to the Average Clause stated below.

CONDITIONS (Continued)

Average Clause:

If any of the insured property stated in the Confirmation of Cover is less than the cost of replacement cost then, after we have taken into account wear and tear, we will reduce the amount claimed proportionately.

Non Contribution Clause:

We will not pay any claim where you can claim off another insurance policy.

Salvage Clause:

In the event of any loss or damage, you will allow us reasonable access to assist with your claim and to deal with any salvage issues. Salvage become the property of insurers at the time a signed Acceptance Form is returned to insurers' representatives.

Fraudulent Claims:

If you shall make any statement, claim or representation knowing it to be false or fraudulent as regards amount or otherwise, this insurance shall become invalid and your claim refused.

REQUIREMENTS (see also "Definitions")

- 1 Each insured bike and all insured equipment is to be marked with **DATATAG security markings** as per instructions within the Datatag kit. All additional insured equipment is to be similarly marked. This must be completed within 21 days of policy inception in order for theft cover to continue being provided under this policy. The Datatag registration form must be completed and returned to Datatag within this time.

Datatag Contact Details: Datatag ID Ltd, Marine House, Thorpe Lea Road, Egham, Surrey. TW20 8BF.
Tel: 0845 0700 440. Web: www.datatag.co.uk/motorsport.php

Our website also contains additional information about Datatag.

- 2 **Property left unattended**, unless kept in a locked garage or workshop of standard construction, must be secured to the vehicle in which it is kept or by means of a closed shackle padlock and stout chain and, if the trailer is enclosed, the door to the trailer must be secured by means of a closed shackle padlock.
- 3 **Trailer(s)** must be immobilised by means of a **wheel clamp** and **towing lock** when left unattended.

Note: We accept that where a brief stop for fuel at a service station is concerned it is not practical to attach the wheel clamp whilst in a fuel filling area, but ANY other time and especially where the trailer is out of sight the wheel clamp and towing lock must be attached / operative. (It is staggering just how opportunist thieves can be).
- 4 Where property is kept within a motor vehicle during the course of travelling to / from a race meeting or other circuit activity or where staying overnight the vehicle must be **alarmed with a Thatcham approved alarm system** and all the vehicles security devices are to be put into full and effective operation.
- 5 Property not in use and or being **stored temporarily** at the premises or any representatives must be of standard construction (see "Definitions").
- 6 **All protections** at the storage location(s) workshop or garage, including alarms must be put into full and effective use when the premises are left unattended.

How do I get hold of a Datatag kit?

You will need to contact datatag directly on 01784 778 310 or 084500700 440 and quote your insurance policy number. Datatag will post to you the Motorsport Datatag kit and you will need to complete and return the forms to Datatag. The Datatag kits cost £59.99

CLAIMS:

Any occurrence which may result in a claim being made under this insurance must be reported to MORIS on-line within seven days. Simply click on "Claims". Full details of the loss and substantiation of the claim must follow within thirty days.

All practical steps must be taken to minimise the loss or recover the missing property.

Information, evidence and assistance as required together with (if required) a statutory declaration of the truth of the claim and of any matters connected with it are to be at your own expense. You must provide all information and assistance to insurers or their representatives and must not negotiate, pay, settle, admit or repudiate any claim without the written consent from insurers.

No property may be abandoned to the insurer.

You are responsible for costs incurred through the transportation or salvage/ damage goods/insured parts and/ or chassis, engine and transmission to the United Kingdom unless we request otherwise.

In the event of **theft or malicious damage**, immediate notice must be given to the police. Insurers require that you obtain a crime reference number.

In the event of an **accident on the road** involving collision by a third party you must obtain the third party's details being:

- (a) name of their insurance company
- (b) their vehicle registration
- (c) their address and phone number.

DEFINITIONS:

- Ancillary Equipment:** Parts designed for the service or repair of the insured Bike(s) and Mechanics' tools and equipment not used for business purposes.
- Bikes(s):** The Competition Bikes(s) being the only bikes(s) of that description owned by you.
- Standard construction:** Premises built of brick, stone or concrete and having a roof built of slate, tile asphalt or concrete.
- Trailer(s):** The trailer(s) being used for the transportation of the Ancillary Equipment and Competition Bikes(s).
- Requirements:** A very strict condition in a policy imposed by an insurer which if not followed can result in your claim being refused.

INFORMATION:

What is Datatag marking?

Datatag is basically very simple. It makes the insured bikes and equipment identifiable to the police in such a way that it is extremely difficult for the thief to overcome and so his risk level become unacceptably high. Datatag has made a major impact on reducing theft and has a 100% successful prosecution rate. Datatag is Thatcham Q listed and is a winner of International Frontline Award for security. For more information click [here](#).

What does the Datatag Kit include?

Glass Tag Transponders: This transponder is roughly the size of a grain of rice and can be easily installed. It contains a unique code number which is permanently programmed into its integrated circuit. The number cannot be altered or deleted.

Ultra Destructible Visible ID Labels: These labels are laser engraved and are impossible to remove in one piece.

Warning Decal: These specially designed Datatag resin domed decals warn off any potential thieves and are both attractive and impossible to remove without damage.

Datadots® A superior microdot identification system developed for ease of use. The Datadots can be applied to any surface, thus making it virtually impossible for the criminals to locate and remove them all.

Tamper Evident Warning and Re-Registration Label: Specially designed decals warn off any potential thieves and are both attractive and impossible to remove without damage.

Scanners: Police forces and official bodies are able to check property using hand held scanners. In the UK alone Datatag have supplied over 3000 scanners free of charge to most police forces. These scanners are also being provided to police forces over Europe.

Database: The Datatag customer database is one of the most sophisticated secure databases ever built and is available 24 hours a day, 7 days a week.

Obtaining Datatag kit? Contact Datatag on **Tel: 08450 700 440 or 01784 778 310**. Website: www.datatag.co.uk/motorsport.php **Address:** Datatag ID Ltd, Marine House, Thorpe Lea Road, Egham, Surrey, TW20 8BF.

How much does the Motorsport DatatagKit Cost?: £59.99 – but this is a “one off” cost – not annual.

How do I fit the Datatag identification System? This is very straight forward. Instructions are provided with the kits that will be sent to you.

What happens if I do not Datatag my insured equipment?

If this is not done within 21 days theft cover under your policy will be automatically excluded. If you suffer a theft you then run the risk of not being insured.

NOTES ON TRAILER SECURITY :

By taking every possible precaution to protect your trailer, all will benefit by helping insurers to keep your premiums down, plus do you really want the hassle of losing your trailer and anything in it?.

Trailer theft is a big problem and it's getting worse! To a thief, an unsecured trailer is simply money on wheels that is just asking to be stolen.

There are steps you can take that will go some way to deter an opportunist thief since the vast majority of them are looking for an easy heist. If presented with an effective theft deterrent the thief will invariably move on to easier targets.

The two biggest enemies for a thief are:

- **time and**
- **noise.**

Anything you can do to slow a thief down and make them generate noise will improve your chances of keeping your property. Here are some simple steps you can take:

- Park your trailer where it is least visible to people passing by. If it's out of site, it's out of mind.
- Don't park your trailer with the front pointing towards the street/road / escape route.
- Remove one or all of the trailer wheels. Take the lug nuts too. Thieves frequently carry spares with them.
- Use a chain or cable to secure your trailer to some stationary solid object.

Obviously, you may not want to take the time to remove a wheel every time you park your trailer so the use of some sort of trailer security device is the answer. When you're on the road with your trailer, using a security device is the only answer. Trailer security devices fall into two basic categories.

- 1) Hitch locks
- 2) Wheel locks

Although hitch locks provide some measure of theft deterrence, thieves can defeat them reasonably easily and with very little noise.

Insurers recommend wheel locks because if thieves cannot move your trailer because one of the wheels is properly secured, it's going to be tough to steal your trailer. Remember....time....noise.

A wheel lock must automatically prevent removal of the wheel on which it is installed. Many wheel locks available today just clamp onto the wheel and are not designed to prevent wheel removal. Those type wheel locks are very easy to defeat.

Helpful Tip: Always install the wheel lock on the "driver's side" of your trailer because:

1. If potential thieves back their tow vehicle to your trailer, as they open the driver's door of the tow vehicle they will probably see the wheel lock and be put off.
 2. Installing your wheel lock on the driver's side of the trailer helps remind you to remove the wheel lock before using your trailer.
- Remember....time....noise.
 - Secure it and keep it.
 - Ignore it and lose it.
 - Don't wait until it's too late.
